How Can We Help

Framedia offers end-to-end e-Learning solutions, transforming training into engaging digital experiences. Our services include:

1

Custom E-Learning Production:

Develop interactive, high-quality training courses tailored to your needs—efficiently and at scale.

2

Learning Management Systems (LMS):

Build an online training hub with 24/7 access, progress tracking, and customizable reporting.

3

AML Online Training:

Access accredited, interactive Anti-Money Laundering courses compliant with AMLC and PAGCOR standards.

4

ReDI Courses:

Ready-to-deploy library of interactive training modules on compliance, health, safety, and risk awareness. Available via subscription on ReDI LearnSpace or Enterprise License for companies with their own LMS.

- MESH Online Training
- Workplace Health
- Other Standard Compliance and Workplace trainings

5

Localization:

Adapt your training courses and programs to your company's specific requirements.

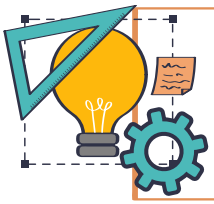
Your Readily Deployable Compliance & Safety e-Learning Solution

ReDI MESH (Readily Deployable Interactive Mandatory Eight-hour Safety and Health) is a self-paced, interactive online training solution designed to help HR teams, safety officers, and trainers efficiently roll out DOLE-compliant safety training. Built with the expertise of a DOLE-accredited OSH consultant, it aligns with Sec. 16(B) of R.A. 11058 and Sec. 3 of D.O. 198-18.

Why Use ReDI MESH

All-in-One Safety Training

Covers the complete DOLE-required eight-hour training in just 210 minutes across 6 engaging modules.

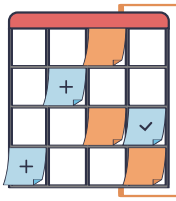


Interactive & Multimedia-Rich

Professionally produced videos, animations, quizzes, and interactive activities.

Accessible Anytime, Anywhere

Compatible with desktop, tablet, and mobile devices.



Flexible Roll-Out

Ideal for companies with remote, field-based, or hybrid teams.

Developed by Experts

Created in collaboration with licensed OSH trainers and consultants.

MESH Series

~210 mins

1 Overview on Occupational Safety and Health

3 Recognizing Safety & Health Hazards

2 Understanding Safety and Health

4 Hazard Identification Risk Assessment & Control (HIRAC)

5 Emergency Preparedness (Incl. COVID-19)

6 OSH Administrative Compliance

Workplace Health Awareness Modules

~160 mins

1. Drug Abuse Awareness
2. HIV/AIDS in the Workplace
3. Hepatitis B Awareness
4. Smoking & Vaping Policies
5. Tuberculosis Prevention
6. Alcohol-Free Workplace
7. Workplace Harassment Prevention
8. Mental Health in the Workplace
