ReDI Mandatory Eight-hour Safety and Health (MESH) E-learning

The **Readily Deployable Interactive Mandatory Eight-hour Safety and Health (ReDI MESH)** is a self-paced, interactive e-learning course that helps busy trainers simplify safety training rollouts with efficient and comprehensive solution for seamless implementation.

Developed with a DOLE-accredited OSH Consultant, it aligns with Sec. 16(B) of R.A. 11058 and Sec. 3 of D.O. 198-18, **meeting the standards set by the Department of Labor and Employment (DOLE).**

All-in-one Training

Complete online training modules designed with high-quality videos, animations, and interactive quizzes, approved by industry-licensed trainers/consultants.

Accessible

Accessible to any internetable devices (desktop, tablet, laptop, mobile). Take the safety training online at your most convenient time.

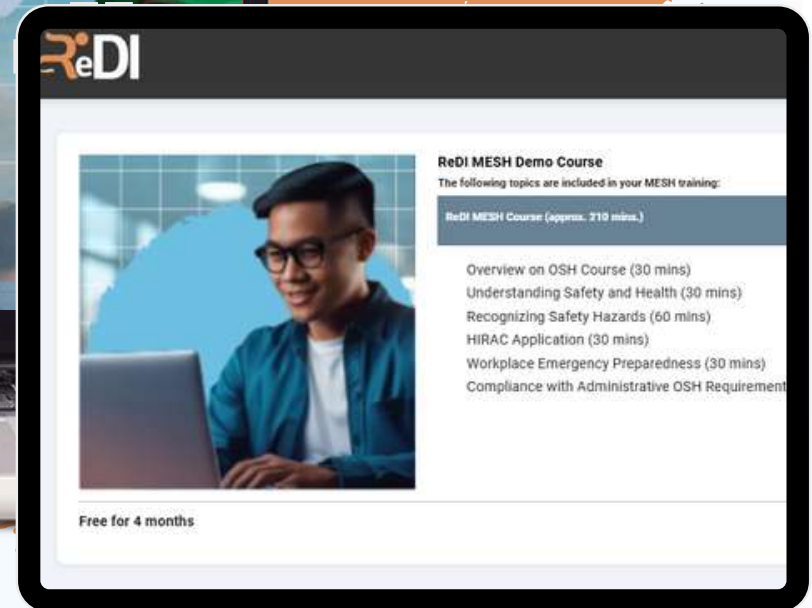

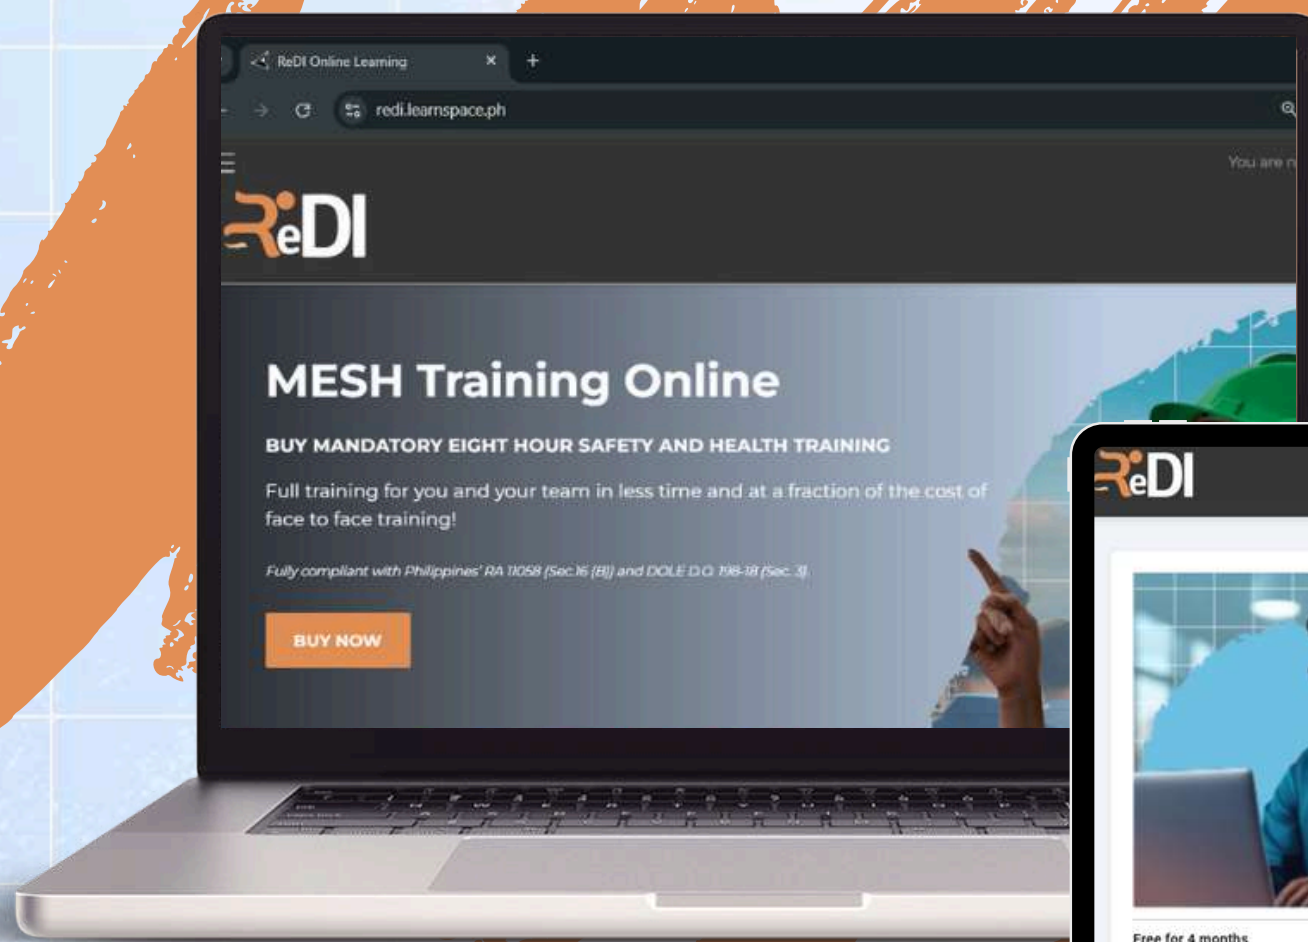

Flexible

The best solution for companies with scattered workforce that allow-offsite/fieldwork and work from home.
